

AgileWorks is a software boutique that provides Microsoft .NET and HTML5 software development and consultations using agile methodology and best practices.

KEY ADVANTAGES

- Microsoft Certified Partner
- Our portfolio is built on large state and private organizations from Scandinavia and the Baltics.
- 100% of completed client projects are actively in use. 9 out of 10 clients choose to continue working with us beyond their first project.
- AgileWorks is developer owned and managed. We are not just skilled coders, we are also established business owners who know what it takes to succeed.
- Direct access to our team of experienced and lead developers.
- Earlier product release — we go from concept to implementation much faster than traditional software development practices. The outcome of each sprint (2 weeks) is presented to the client in the form of a working solution.
- Our offices are located just outside the historic Old Town of Tallinn (the home of Skype). 45 minutes by ferry from Helsinki, 2,5 hours from London. Easy access by plane, ship. Neighbouring with Finland, Estonia is a convenient connection point between Scandinavia and the rest of Europe.

OUR VALUES

Lean and agile software development practices characterized by our commitment to the values:

- individuals and interactions over processes and tools
- working software over comprehensive documentation
- customer collaboration over contract negotiation
- responding to change over following a plan
- efficiency, quality, transparency, trust, constant feedback, flexibility.
