

Primend is a business services company that focuses on providing top class cloud solutions.

Primend was founded by a group of friends who share a passion for new and innovative technology. That passion continues to be a driving force that enables us to offer our clients the best solutions for their business needs.

Primend has a team of certified and experienced specialist supporting IT needs of medium and large organisations. Our specialists are seasoned in even new technologies like cloud computing, data center convergence and smart devices.

Several of our specialist have gone through ITIL quality standard training and certification to offer best of breed services. Baltic offices of global companies are particularly fond of our specialists as with their experience they can meet the needs of a small organization while understanding processes of a large one.
