## BUSINESS OVERVIEW

We make IT your competitive advantage.

Your business may not be technology, but without technology, you may not have a business tomorrow.

We believe that the successful IT implementation not only keeps you competitive but also opens new doors, drives growth, and offers endless development opportunities.

That's why we've connected 4 interrelated IT areas as our "infinity" stack:

**OIXIO Advisory** - strategic consulting for digitalization, automation, innovation & change

Your long-term partner to manage digital development, improve processes, prepare for innovation, and implement it confidently.

- Digitalization Roadmap: target & visioning, identifying business value focus areas, and prioritizing on impact for the 2–3 year action plan.
- EIS support available for roadmap creation (up to €10,000, co financing required).
- Process Efficiency & Automation: mapping, role-based user stories, metrics/KPIs, workflow automation.
- Innovation Management: training & mentoring; methodology aligned with Estonia's Innotrepp ecosystem.
- Change Management: methodology combining global best practices to ensure adoption.

**OIXIO IT** - 360° IT infrastructure partner. Leading the way in IT infrastructure and cybersecurity. ISO 27001 and ISO 9001 certified. 5 business lines:

- IT Management
- Network
- Office and user
- Cloud and server room

**OIXIO Digital** - business process digitalization & solutions

Smartly digitized processes create a competitive advantage.

- ERP & CRM: domain knowledge implementations that unify finance, operations, supply chain, sales, and customer processes - seamlessly integrated with Microsoft 365 and AppSource ecosystem.
- Data, Analytics & AI: Data platform engineering, Power BI reporting and budgeting, plus AI-driven insights and copilots (anomaly detection, forecasting, natural language queries, automated commentary) that turn data architecture into "from data to action" capabilities.. AI piloting and implementation to solve the complex business problems with data enrichment and AI-augmentation.
- Payroll & HR: one solution across the Baltics with local language support, self-service, HR reporting, and analytics.

OIXIO Digital is your end-to-end partner — from planning to implementation and continuous improvement — backed by deep Microsoft expertise.

**OIXIO Cyber** - #1 cybersecurity implementer in Estonia. ISO 27001 and ISO 9001 certified.

- Cyber Security Services
- Cyber Security Solutions
