# workshops and consulting

At B.EST Solutions, we bring together decades of expertise and a team of top industry professionals to provide tailored advisory services that empower governments, organisations, and businesses to navigate the complexities of digital identity and e-government solutions. Whether you're assessing your current setup, launching a new digital service, or building capacity for sustainable growth, we're here to help you make informed decisions that drive success.

#### What we offer

- **Consulting, Training and Workshops** — Customised sessions tailored to government officials, business leaders, or technical experts, addressing your specific needs—from beginner to advanced levels. We provide practical, hands-on guidance to accelerate your journey in digital identity management, e-government solutions, and more.
- **Technology Design and Implementation** — Complete turnkey solutions, including software, hardware, and specifications, designed and implemented to your exact requirements.
- **Management Support** — We can take on an advisory or hands-on operational role — whether it's a small project or a large-scale ecosystem, we provide guidance at any stage.
- **Speaking Events** — Our experts are seasoned speakers, regularly participating in top industry events, hosting conferences, and sharing cutting-edge insights.
- **Policies and Regulations** — Expert assistance in developing implementation policies, financial strategies, and cooperation frameworks, including public-private partnerships (PPP).
- **Tenders, Feasibility and Assessment** — Comprehensive support for preparing tenders and assessing the maturity levels of digital ecosystems in both government and private sectors.

#### Why choose B.EST Solutions?

- **Unmatched Experience** — Our team includes industry veterans with professional experience from leading global organisations like the UN ESCAP, IFC, GIZ, UNHCR, and esteemed institutions such as the Office of the President of Estonia and Ministry of Foreign Affairs of Estonia.
- **Proven Track Record** — Our people have designed and implemented major digital projects, including tax and customs systems, life and pension insurance platforms, and SIM card solutions. We have also published expert contributions with organisations such as ACM, the World Economic Forum (WEF), and the United Nations on topics like cross-border paperless trade, supply chain modernisation, and digital identity solutions.
- **Global Impact** — We have a history of helping governments and enterprises transition into digitally-driven ecosystems that boost operational efficiency, foster innovation, and enhance global competitiveness.

#### The right partner for building digital ecosystems

At B.EST Solutions, we don't just provide advice—we offer strategic partnerships to help you achieve your goals. Our team is committed to empowering you with the tools, knowledge, and solutions needed to succeed in the ever-evolving digital landscape. Let's build your digital future together. Contact us today to discuss how we can support your journey toward innovation, efficiency, and impact!
