BUSINESS OVERVIEW

ICEFIRE

Estonia-based international tech company that designs and builds transformative technologies for banks and fintech companies, healthcare institutions and workflow management solutions for companies from various sectors. We combine decades of software development experience with even longer business backgrounds to create a new level of efficiency and business outcome while never forgetting simplicity for the end user.

WHAT WE DO

- Retail & corporate banking solutions
- Lending, leasing, factoring solutions
- Payment cards & systems
- Dept management solutions
- Data mapping & migration
- Workflow automation & process digitalization
- IAM (identity & access management)
- Self-service portals
- Customer service & booking solutions for health-care institutions
- Cyber security

HOW WE RUN

• Fast

As we've done it for a long time, we might have many pieces you will need ready. Chances are that we are 2-3x faster than doing it from scratch.

• Focus on what matters

Decades of work in business technology has led us here. We live the challenge and speak the language. Let's get it done.

• Beyond the technology

When new solutions call for adjustments in processes and organization, we will guide you through the necessary changes.

TRUSTED BY

Our client portfolio today include of Luminor Bank, OP Financial Group, Bigbank, Coop Bank, Swedbank (Group, Finland, Baltics), Confido Medical Group, LHV Bank, Nets, SEB, Volkswagen Financial Services, TeliaSonera, Skype and others. From the public sector, our long-time key customer is the Estonian Tax and Custom Board.
